right to avoid white space the

- 1) It's better to have a difference between Ze and Three, so I would definitely keep the top option
- (2) If you have KK with ball terminals as default, then the bull terminale become too prominent as an element in the text. And in the caps, you only have J.
- 3 If you definitely want to add the Ball terminal element, I would only keep it for MY. I would adjust the belt terminal the It to have a similar loaving inetrap to I and others
