Our you plot more emphasys on

the verticals, less weight on me honson

since they are connected, you can reduce a bot more weight in the middle, looks a but heavy

In text the ball looks too high still Maylee it needs even more overshoot

> The ball is too big, starting to look of unbalanced

same as uppercase comment more overshoot? Sume as

you can make the middle thomer like la

can it be a more upright whis side?

2 series on the right

bulgarian should sided serif

I also one-sided serif like in Latin askenders
